**DETAILED ACTION**

Claims 5-12 and 39-43 were canceled via Paper No. 13. Claims 1-4 and 13-38 were canceled via Paper No. 17. Claim 39 was reinstated via Paper No. 17. Claim 39 is pending in the instant application.

***Election/Restrictions***

The general policy of the Office is not to permit the applicant to shift to claiming another invention after an election is once made and action given on the elected subject matter. Note that the applicant cannot, as a matter of right, file a request for continued examination (RCE) to obtain continued examination on the basis of claims that are independent and distinct from the claims previously claimed and examined (i.e., applicant cannot switch inventions by way of an RCE as a matter of right).

The Examiner notes, while applicant, as a matter of right, may not shift from claiming one invention to claiming another; the Office is not precluded from permitting a shift. It may do so where the shift results in no additional work or expense, and particularly where the shift reduces work as by simplifying the issues. Ex parte Heritage, Pat. No. 2,375,414 decided January 26, 1944. Therefore due to the reduction in claims the shift is permitted.

***Specification***

The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

**Claim 39 is rejected under 35 U.S.C. 102(e) as being Anticipated by Russell**

**U.S. Patent No. 5,905,248.**
